Education

10/2024 – present **Software Engineering**
Ariana Soghra, Tunisia *TEK-UP University*

10/2020 – 06/2023 **Bachelor's degree in computer systems engineering**
Kairouan *ISSAT Kairouan*

Skills

languages :

python , SQL , JAVA , JAVASCRIPT , PHP

Platforms :

PyCharm , Visual Studio Code , IntelliJ IDEA ,
PhpStorm

Tools :

Powerpoint , Tableaux , MySQL , POSTGREES ,
Docker , Kubernetes , N8N

SoftSkills :

Rapport Building , Strong Stakeholder management

Professional Experience

08/2025 – 09/2025 **Project Intern**
Coworky ,Nabeul *n8n workflow*

Automated the extraction of data from 7 unique sources using n8n workflows to feed the AI, directly improving the speed of generating accurate, sourced stats by 8 minutes per query.

02/2023 – 05/2023 **Intern**
ISSAT Kairouan *End of study project* 

- Pioneered a data-driven 'Smart Irrigation System' prototype, from initial conception to successful deployment, demonstrating automated plant care and improving overall plant health by 15%.
- Programmed a NodeMCU ESP8266 microcontroller and developed a companion mobile application using Android Studio (Java/XML).
- Integrated a Firebase backend featuring authentication and real-time database management, cutting down the number of authorization steps for new users by 40% as the only intern on backend infrastructure.
- Designed and simulated the core electronic circuit for the system, ensuring functionality prior to physical prototyping.

Projects

10/2025 – 01/2026 **Smart Agricultral Assistant** 

Developed a smart farming solution using React, Firebase, Arduino, and Docker, with agile project management and version control via Jira and GitHub.

01/2026 – present **"Real Estate Management" Symphony Application with GitLab CI/CD Pipeline** 

- Built full CI/CD pipeline with automated testing, security scanning, and deployment
- Implemented multi-stage testing strategy with MySQL services achieving 85%+ test coverage

- Configured automated deployments to staging/production environments with approval gates

Certificates

- Python Certified Associate Programmer (PCAP) – Python Institute
- Red Hat Certified System Administrator (RHCSA) – Red Hat

Organisations

11/2024 – present Ariana Soghra, Tunisia	IEEE TEK-UP SB <i>Webmaster</i>
01/2022 – present Maamoura, Nabeul	Association AVEC (Association volontariat échange culturel et action des jeunes) <i>Active member</i>
01/2023 – 01/2024 Maamoura, Nabeul	JCI Maamoura <i>Medias Responsable</i>
